# WARHEAD

*"The most disturbing aspect of this conflict is that we do not know our enemy. We do not know their reasons for attacking us. We do not know who they are".*

It is the middle of the 21st Century and Earth has been violently attacked by an insect-like alien nation, from a near star system, killing billions of humans, swiftly wiping out countries and collapsing world states, throwing the Planet into the merciless hands of a nuclear winter.

*"We intend to turn the tables. We intend to protect ourselves by fighting back. At least we have a weapon: the FOE-57 spacecraft..."*

As the remaining humans turn to each other for combined strength and support, the Fist of the Earth world government turn to you to lead the ultimate battle.

*"The safety of the peoples of Earth rests in your hands..."*
