## THE PROPHECY

### *It was told in the Prophecy:*

"On the day of the Great Eclipse, three grains of sand will be placed in the REVUSS by the valiant hearted...and thus the enemy will be annihilated..."

The evil shadow of **Kraal** is looming once more. In a time long ago **Ohkram**, the Mighty Sorcerer, banished Kraal from the kingdom

of the Blue Rocks. But alas he is growing old and weak and so be it that the task of defeating the evil Kraal falls to Ohkram's grandson, **WEEN**. Will you be the one to fulfil the Prophecy? Can you collect the three grains of sand and deliver them to the Hour Glass of Power?

*Through your crystal window you will see us live, Kraal driven by hate, me by despair...*
