BATMAN

THE CAPED CRUSADER™

The Penguin is back, and he's set himself up as a respectable umbrella merchant. Or has he? Could the umbrella factory be just a cover for his plot to take over the world with an army of robotic penguins? As Batman you must match clues you've collected to locate the master computer and – POW! ZAP! CRUNCH! – put an end to the demented squawking of that over-weight birdbrain.

But that's not all! As soon as you've taken care of the Penguin, the Joker pulls off his greatest feat of sleight of hand – he kidnaps Robin! At the scene of the crime, you must gather all the facts. Then, while the trail is still hot, you're off on a crime solving adventure. Grab your batarang and rev up the Batmobile – because if you don't reach Robin in a hurry, the last laugh will be on you! HA, HA, HA, HA!

It's all right here in Batman, The Caped Crusader.
