THE THRILL OF THE ARCADE GAME

You have full directional control through an entire landscape filled with hazards and targets. Tanks maneuver around pyramids to get you in their sights. Guided missiles hurtle toward you. But your vehicle handles like a dream on 0-gravity glide, and you've got plenty of ammunition for saucer hunting. What could possibly go wrong?

Atari currently offers the following games on Commodore 64 computers: Joust, Jungle Hunt, Moon Patrol, Pole Position, Ms. PAC-MAN, Battlezone, and Galaxian. And there's much more to come!
