BEACH-HEAD™

BY BRUCE CARVER

THE ULTIMATE "WAR" GAME

A peaceful island is being held by a ruthless dictator and his military troops. As Chief Commander of land and sea forces in the Pacific, you must obtain a quick naval victory and then invade the island with land forces. If your troops succeed in penetrating the island defense systems, the most difficult challenge still remains; capturing the enemy fortress of KUHN-LIN.

BEACH-HEAD is a multi-screen action game which requires different skills and provides new sequences as you progress through the game.

BEACH-HEAD is 100% machine language and is in full color with high resolution, three dimensional graphics. With excellent sound effects and challenging action, BEACH-HEAD is destined to become a video game classic.
