The Secret Diary of Big Nose the Caveman Aged 302 Million and three quarters.

Monday 20th January

Funny things these time tunnels : One minute your chiselling a quick slab to the milkman for one extra dino-egg and a pint of milk and the next bam : big spirally squiggles, flashing neon lights. Before you know it, you end up slap bang in the middle of 20th Century New York.

The people here wear the funniest loin cloths, when I told one guy, he didn't seem to take it quite right and got a bit angry. Honestly without my club for protection, I feel positively naked!

I have found a place to camp on the by a tribe called zoo. There are lots of animals here, but they don't half choose to live in funny places. Some of them live in cages and wait for zoo tribesmen to come around and feed them!

Tomorrow I'm going to show them a real good time! And I don't care what the zoo tribe say.
