

The Blade Of Blackpoole™

Commodore 64 Addendum

IMPORTANT!

BEFORE YOU PLAY. In order to be able to save and resume the game, you must format your own disk. To do so, place your own blank disk in drive #1 and type:

OPEN 15,8,15, "NØ:SIRIUS SOFTWARE, BP": CLOSE 15

then press the RETURN key.

To load the game, place the BLACKPOOLE disk in drive #1 and then type:

LOAD "SIRIUS", 8

and press the RETURN key. Then, when you receive the "READY" prompt, type:

RUN

and press the RETURN key.

To cancel a line of typed commands (before pressing return), press the commodore key. A slash will appear at the end of the old line and you will be given a new prompt.

Important Notice To Commodore 64 Owners:

If the disk fails to load in four minutes, try it on another computer to eliminate the possibility of a bad diskette. All of our products are tested prior to shipping.
