ENTERTAINMENT SERIES

Bulge — Battle for Antwerp

June 6, 1944 ... D-day, the Allies sweep through northern France. September 17th ... Montgomery invades the Netherlands. Antwerp falls November 9th. Sensing a quick end to the war, the American 3rd Army continues eastward through Lorraine and Alsace. The weather worsens, supply lines lengthen and suddenly, where it was least expected, comes news of a panzer breakout. December 16th saw the start of Hitler's last offensive, "**The Bulge.**" His objective, the Allies' supply base, Antwerp.

Here's your chance to rewrite history as you take command of either army and battle the enemy, the weather, and an inadequate flow of supplies.

With one or two players, joystick or keyboard control, "**The Bulge**" is a challenging game for one or two players using either joystick or keyboard control. It's an accurate and dramatic real-time simulation with full scrolling maps of the Ardennes battlefield.

Joystick optional.
