INSTRUCTIONS

Loading

Turn computer on and insert tape. Ensure tape is rewound to start. Press and hold down shift key then press and release the run/stop key. Now release shift key and press 'play' on tape. Bumping Buggies will then be automatically loaded and run. Bumping Buggies is recorded on both sides of the tape.

Play

The object of the game is to drive your car as far as possible through the seasons of the year, scoring points as you travel. You have five lives to travel along twenty different tracks through four seasons. You must stay on the track and avoid the water.

Press the fire button of your joystick (plugged in Control Port 2) to start the game. You drive the red car by using the joystick, forward (up) accelerates the car, back (down) slows the car and left and right to steer. When your car is travelling at 100 m.p.h. or more then you can jump by pressing the fire button.

When bumping the other cars into obstacles you will score points, but if you travel through a season without crashing other cars then you get a special bonus.

HAPPY MOTORING.

DON'T MISS THESE TWO FOR THE C64!

FLYING FEATHERS

In this highly original game you are the gamekeeper on the lake trying to stop greedy eagles taking all the fish. Two different methods with 4 skill levels each are available for your shot gun. Specially scored music with freeze frame ability, and for the technically minded 10 sprites (yes, that's right, there are only 8 on the 64). High scores kept. All machine code.

EXTERMINATOR

Definitely one of the best arcade action games around for the 64. Shoot the worm and everything else in the garden whilst avoiding the deadly spider and swooping eagle. Machine code using high resolution and Sprite graphics with excellent sound. Beware, it's very addictive.

Don't forget if you have got any good programs that you have written, send them in for evaluation. We pay generous royalties.
