Load'n'Go SERIES

Bumping Buggies gives you thrills and spills in a highly addictive and skilful motor racing game. Jump, bump and race your way over difficult terrain through the four seasons.

Specially scored music – machine code action.

Loading

Turn computer on and insert tape. Ensure tape is rewound to start. Press and hold down shift key then press and release the run/stop key. Now release shift key and press 'play' on tape. The screen will go blank and after a few moments the screen should say 'loading'. If it doesn't, rewind the tape and try again. The screen will then go blank again while Bumping Buggies is loading. Bumping Buggies is a long program and takes several minutes to load. Bumping Buggies is recorded on both sides of the tape.

To load Disks, type LOAD"*",8,1

Play

The object of the game is to drive your car as far as possible through the seasons of the year, scoring points as you travel. You have five lives to travel along twenty different tracks through four seasons. You must stay on the track and avoid the water.

Press the fire button of your joystick (plugged in Control Port 2) to start the game. You drive the red car by using the joystick, forward (up) accelerates the car, back (down) slows the car and left and right to steer. When your car is travelling at 100 m.p.h. or more then you can jump by pressing the fire button.

When bumping the other cars into obstacles you will score points, but if you travel through a season without crashing other cars then you get a special bonus.

HAPPY MOTORING.
