Excalibor The Screen Displays

The Aim of the Game

The Queen is weeping, the King is angry, and you as a Knight of the Round Table have set out to find their lost daughter the Princess Alison.

She was last seen in the castle of Humbrol, home of the evil Wizard Llexam. You must search through the Rooms of Death collecting all the pieces of the door before you can move to the next room. Avoid Llexam and his demons.

The only aid that Merlin can give you is the magic sword Excaliba which will appear for short periods. If you can reach it before it disappears it will be transformed into a gigantic bird which will carry you around the room and protect you from Llexam's minions. BUT beware, its power lasts only for a short time.

Controls
