

As a elite commando,
you must infiltrate hostile territory
to locate and destroy the enemy base.
An entire battalion stands in your way.
To succeed you must battle through
enemy convoys, trenches,
buildings, airfields and
more using only your
sub machine gun
and a limited supply
of grenades.

Good Luck Soldier!

COMMANDO

Arcade

Commando originally published by Elite Systems in 1985 based on the Capcom arcade game.
This enhanced Commodore 64 version was developed in 2015 by Nostalgia.
