Decision *in the* Desert

**"YOU are in Command —
North Africa 1940-42!!"**

DECISION IN THE DESERT

"YOU are in Command — North Africa 1940-42!!"

By *Sid Meier* and *Edward Bever*

Dusk, October 24, 1944 — North Africa. Three hundred enemy tanks coming straight at you! Suddenly, the sky lights up with a thousand gun artillery barrage! The Battle of El Alamein begins! YOU ARE IN CHARGE!! Experience the thrill and excitement of one of history's greatest events. The action is non-stop in this accelerated real-time simulation. You'll be in the thick of this action packed strategic simulation in minutes even if you've never played a simulation before!

Actual Screen Picture

Decision in the Desert is a "Command Series" product with real-time, continuous action. You're in command as you lead the armies of either side or compete head-to-head between the two opposing generals. The computer handles all the rules.

Decision in the Desert is an historically accurate, fast moving simulation with colorful animated graphics and sound! Best of all you'll be deploying tanks, artillery, air cover, and your combat divisions in minutes even if you've never played a strategic Simulation before! Like the REAL generals...
The Decision is up to YOU!!!
