DESERT FOX

A CUNNING FOE WHO KNOWS NO FEAR

The cunning Desert Fox, the wily Rommel, is on the rampage, sweeping across the desert sands, laying low the Allied Forces and swarming through Allied territory. It is on your shoulders, Lone Wolf, to halt the progress of this awesome foe and rescue the North Africa campaign from his grasp. Step forward with the courage of a fearless leader in face to face conflict with his ground and air attacks. Be as wise and as cautious as the most battle hardened general in planning your strategy and calculating your tactics to rescue your supply depots. In short, Lone Wolf, if you fail in your destiny as the complete warrior, the final conflict – a head to head tank duel with the mighty Desert Fox himself – will be your last.
