DONALD DUCK'S PLAYGROUND

A FUN-FILLED WAY TO LEARN ALL ABOUT MONEY

Donald's mischievous nephews - Huey, Dewey, and Louie, would love to have a playground of their own. You can help kind-hearted Uncle Donald build them one.

LOGICAL THINKING

Operating the junction switches of the Amquack Railroad, players direct the Amquack Special to any of the eight towns within Duck County. When directed to the specified town, the Special picks up or delivers packages. Players earn money for each package delivered - the reward for quick and clear thinking.

MATCHING SKILLS

Your child will enjoy working at four different, entertaining jobs along with Donald, earning the money needed to buy playground equipment. Whether managing the produce stand, stocking toys on shelves, or sorting cargo at McDuck Airlines, your child will be challenged to recognize and match shapes, colors, and letters.

Creative fun!

CHANGE-MAKING

With their earnings, players may buy equipment and construct a playground of their own design. Your child will find everything from swings to monkey bars in either the general store, the hardware store, or the junk shop. With each purchase, your child will develop a better understanding of money-handling.
