STORY OF DOOMDARK'S REVENGE

Plot your course during Doomdark's Revenge with

The saga of Doomdark's Revenge has long been sung in the smoky mead-hall at Luxor's Palace. Here, too, hangs a giant tapestry map showing the frozen wastes of Icemark – the adventure's setting.

We have reproduced this tapestry in the form of the Icemark Chart. This is a giant (42cm x 59cm) poster map with a special wipe-clean surface.

You simply plot the course and position of Luxor, his allies and their enemies with a water-soluble pen. And, it only costs **£1.95!**
Post and Packaging **FREE!**

The Icemark Chart is available **direct** from:

BEYOND British Telecom,
Wellington House, Upper St. Martins Lane, London WC2H 9DL.
