THE SUPERCARS™

TEST DRIVE II™ CAR DISK

Designed by Distinctive Software, Inc.

Duel it out with five new speed machines for Test Drive II!

The Supercars. Five elite automobiles from around the world that speak one common language—performance. Now, with *The Duel: Test Drive II*, you can race them in head-to-head competition.

'88 Lotus Turbo Esprit®—If you're expecting typical British reserve, guess again. This Esprit is as sensuous and aggressive as any exotic to come out of Italy. And any car capable of pegging its 160 mph speedometer is certainly worthy of Supercar status. The Lotus handling is world famous. The 2.2-liter turbocharged engine, irresistible. Keep a stiff upper lip and let Esprit's 228 horses stampede.

Ferrari Testarossa®—A legend in its own time. The elite of Grand Touring cars. This Ferrari hits 185 mph with twelve cylinders singing in perfect harmony. 0-60 mph strikes in 5.3 seconds and the quarter mile blurs by at 13.3—well over 100 mph. But speed isn't the only thing to snap necks. Take one look at its styling, its wrap-around leather interior—and you'll know exactly what you'd do with \$134,000.

Porsche 911 RUF®—Introducing Louis Ruf's gift to the automotive world—a custom built, twin-turbo Porsche 911. Top speed: 211 mph. 0-60 mph: 4.0 seconds. Blindingly quick. Acceleration that sucks you into the seat. Supreme ruler of the German Autobahn, this 469 bhp bullet is perfectly street legal. But don't let that fool you. The space program would provide better preparation for this experience than driving school.

'88 Lamborghini Countach 5000S®—Stunning. No other word best describes the Lamborghini's look—or performance. How can a car so outrageous be so darn fast? Take a look under the hood. The Countach sports a powerful V-12 with four valves per cylinder. Before you can say "Giotto Bizzarrini" you're at 179 mph. And nothing can match its stability at top speed. Go out on the open road. Count how many times "WOW" leaves your mouth.

'89 Corvette ZR1®—Tough to keep a 185 mph Corvette under wraps but the ZR1 stands as one of Detroit's best kept secrets. Designed with one goal: "create the world's fastest production car." Its engine, code named LT5, is a legend before its time. An all-aluminum, four cam, 32 valve V-8 so strong that Chevrolet engineers had to completely redo the rear end to accommodate more rubber. Is there anything similar to the ZR1? Check out the Indy 500.

This program to be used exclusively with The Duel: Test Drive II.

LOTUS TURBO ESPRIT

Lotus		Approximate Price	
Engine type:	2.2 liter 4-cyl turbo	Approximate Price:	\$47,500
Displacement:	2270cc		
Compression ratio:	9.8:1	0-60mph:	7.8s
Top speed:	160 mph	1/4 mile:	14.8s
Top speed:	160 mph	1/4 mile:	14.8s
Transmission:	5-sp manual	Top speed:	160 mph
Braking from 100 mph:	250ft	Top speed:	160 mph
Turning:	Goodwin V-12	1/4 mile:	14.8s
	125/140-15 front	Lateral accel:	0.82g
	125/140-15 rear		

FERRARI TESTAROSSA

Ferrari		Approximate Price	
Engine type:	3.0 liter V-12	Approximate Price:	\$134,000
Displacement:	4900cc		
Compression ratio:	12.5:1	0-60mph:	5.3s
Top speed:	185 mph	1/4 mile:	13.3s
Top speed:	185 mph	1/4 mile:	13.3s
Transmission:	5-sp manual	Top speed:	185 mph
Braking from 100 mph:	262 ft	Top speed:	185 mph
Turning:	Goodwin V-12	1/4 mile:	13.3s
	125/140-15 front	Lateral accel:	0.87g
	125/140-15 rear		

RUF PORSCHE

RUF		Approximate Price	
Engine type:	2.5 liter 4-cyl turbo	Approximate Price:	\$142,000
Displacement:	2490cc		
Compression ratio:	9.8:1	0-60mph:	4.0s
Top speed:	211 mph	1/4 mile:	11.7s
Top speed:	211 mph	1/4 mile:	11.7s
Transmission:	5-sp manual	Top speed:	211 mph
Braking from 100 mph:	202 ft	Top speed:	211 mph
Turning:	Goodwin V-12	1/4 mile:	11.7s
	125/140-15 front	Lateral accel:	0.84g
	125/140-15 rear		

LAMBORGHINI COUNTACH

Lamborghini		Approximate Price	
Engine type:	5.0 liter V-12	Approximate Price:	\$149,500
Displacement:	5000cc		
Compression ratio:	12.5:1	0-60mph:	4.7s
Top speed:	179 mph	1/4 mile:	13.3s
Top speed:	179 mph	1/4 mile:	13.3s
Transmission:	5-sp manual	Top speed:	179 mph
Braking from 100 mph:	260 ft	Top speed:	179 mph
Turning:	Goodwin V-12	1/4 mile:	13.3s
	125/140-15 front	Lateral accel:	0.80g
	125/140-15 rear		

CORVETTE ZR1

Corvette		Approximate Price	
Engine type:	5.7 liter V-8	Approximate Price:	\$78,000
Displacement:	5660cc		
Compression ratio:	12.5:1	0-60mph:	4.2s
Top speed:	185 mph	1/4 mile:	12.1s
Top speed:	185 mph	1/4 mile:	12.1s
Transmission:	5-sp manual	Top speed:	185 mph
Braking from 100 mph:	260 ft	Top speed:	185 mph
Turning:	Goodwin V-12	1/4 mile:	12.1s
	125/140-15 front	Lateral accel:	0.81g
	125/140-15 rear
