THE DUEL: TEST DRIVE II™

The Duel pits two of the fastest production cars ever built in head-to-head road racing – the Ferrari F40 against the Porsche 959. A race that until now has only been run in the minds of engineers and fast car fanatics. Blast down roads filled with some of the most detailed scenery, whilst keeping a watchful eye on such precarious hazards as loose gravel, oil slicks, lack of gas and worst of all, the dreaded police.

- Race against the clock, or against a Ferrari or Porsche.
- Cockpit perspective enables you to feel the performance of these powerful machines.
- Exceed speeds of 190mph.
- Drive through bone-dry deserts, majestic mountains & lush forest.

EUROPEAN CHALLENGE™

Here, driving is a passion and speed limits are posted only to challenge the driver. Wind through the green meadows of the Netherlands. Blast by the beaches of the French Riviera. Descend into the mountainous valleys of Switzerland. Open it up on the world famous German Autobahn.

CALIFORNIA CHALLENGE™

This accessory disc exclusively for use with The Duel: Test Drive II enters drivers in an adventurous seven leg road race down the scenic coast of California where they will witness such sights as the California/Oregon border, The Trees of Mystery, Santa Barbara and finally the Mexican border.

MUSCLE CARS™

Here are five more street-scorching legends for The Duel. Includes the '63 Corvette', 'Sting Ray', 'Split Window Coupe', the '68 Shelby GT500 Cobra', the '67 Pontiac GTO', the '69 Coupe 9560 ZL-1 Camaro' and the '69 Dodge Charger Daytona'.
