DARE TO ENTER THE LAND OF THE DRUIDS

Just when you thought it was safe to go back into the forest. Just when you thought the land of Belorn was calm and peaceful. Acamantor is back. And he is not happy.

Yes, the evil Acamantor and his legion of the undead have returned to Belorn, 103 years after our hero, Hasrinaxx the Druid, banished him. Now, it's up to you and Hasrinaxx to destroy this adversary once and for all. Trek through desert, swampland, caverns of Darkness, a poisonous land of fungus...just to name a few...to finally enter the five levels of Acamantor's dungeon. Summon your Master Magician and Elementals—the powers of earth, air, water and fire to aid you in your quest.
