PILOT A SUPERSONIC JET FIGHTER

F-15 STRIKE EAGLE

Another Simulation from the Creators of Silent Service "If you're looking for a chance to experience some high adventure and danger in a realistic and challenging format F-15 Strike Eagle is for you." (RUN)

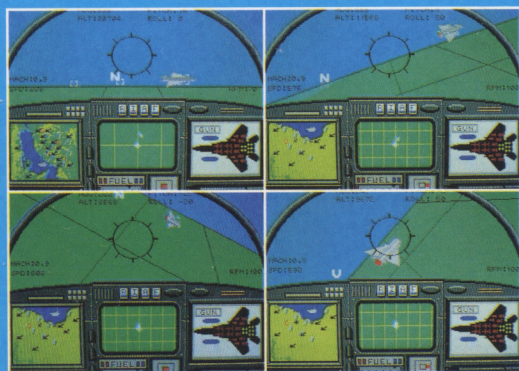

Fly one of the most lethal, advanced combat planes ever to take to the sky.

Produced by an ex-fighter pilot, this highly successful, award-winning simulation puts you in the middle of the action. In your own multi-million pound F-15.

All the tools of modern electronic warfare are accurately simulated, including computer assisted targeting, Heads Up Display and airborne radar. Equipped with an incredible arsenal of weapons – afterburners, flares, air to air missiles and high explosive bombs – you must survive a series of historical strike missions around the world.

Success depends on how well you analyse and respond to tactical situations. The F-15 has already proved itself. Now it's up to you to do the same.

F-15 Strike Eagle. The thrilling challenge of air combat.
