STARFIRE™ AND FIRE ONE™

Two of the most famous arcade games of all times are now available for the home computer.

STARFIRE

- 16 Levels
- Long Range Radar Screen
- Extended Play Bonus
- JOYSTICK CONTROLLED
- One Player

As a Starfire commander, you control the speed and direction of your space ship. Determine the position of the enemy and maneuver your craft into position. Let loose with a laser blast and destroy the enemy space ships before they destroy you and your base. Keep an eye on your control panel for a constant update on fuel and time remaining.

FIRE ONE

- 8 Types of Ships
- Extended Play Bonus
- Sonar Scan Screen
- JOYSTICK CONTROLLED
- One Player

Destroy the enemy fleet before it reaches your home port. Locate the enemy ships on your sonar screen, determine their range, then it's up periscope and torpedos away. Don't waste time, the enemy sub is firing away, determined to send your fleet to Davy Jones' locker.

EPYX CODING

To help you choose the game that's right for you, EPYX games are coded to indicate the degree of emphasis on 'Action', 'Strategy' or 'Learning'. These symbols will appear on the front of all EPYX packages.

Action

Strategy

Learning
