FORBIDDEN FOREST

for the

COMMODORE® 64™

MFG. in U.S.A.

ARCADE QUALITY • FAST ACTION

Zounds! And gadzooks! You were just out to do a little target practice with your bow and arrow when you lost your way. Now the moon is coming out and it's getting darker; the forest is getting more ominous and there are some strange rustling noises coming from the bushes. Egad! You have mistakenly wandered into the "Forbidden Forest!" Only your skill

as an archer can protect you now. Here they come! Giant spiders, an enormous bumble bee, huge leaping frogs, a fire breathing dragon, a phantom protected by killer skeletons, an 80 foot snake and, finally, the ghost demogorgon who only appears during flashes of lightning that herald the coming storm. Move quickly, aim accurately, destroy the monsters and you just may escape from the "Forbidden Forest."
