You are Fred, a once happy fruit farmer in Transylvania, who has had his crop destroyed by a freak storm. To avoid ruin you have bravely entered the deserted castle KADENZA to collect the fruit stored in the dark cellars. Although armed with a laser gun you know no one has ever returned from the castle which is full of killer bats, spiders and bugs.

In each cellar there is fruit scattered on the floor which you should try and collect for extra points. To enter the next cellar you must collect a key to allow you to unlock the door. On the right hand of the screen a fruit will appear, collect this first.

Once in cellar five the key is guarded by one of the fruits and as you only have a limited amount of time in each cellar you must be quick because if you run out of time you lose a life. Also if any of the creatures touch you, you lose a life. Beware though if you have destroyed any of the creatures they re-appear somewhere else on the screen.
