

KINGSOFT

**FRANNIE CRASHED
ON JUPITER**

COMMODORE 64

FRANNIE CRASHED ON JUPITER

is a classic text adventure with the usual verb-subject-input (OPEN DOOR, GET KEY, N, I, HELP). Additionally beautiful hires-colour-graphics (see pictures below) will be loaded from disk, which just takes some seconds because of a built-in turbo loader. An introduction to the story will be given to you at the beginning of the game. It's a good idea to save the current game to a (formatted!) disk with the command: SAVE GAME. It can be retrieved with: LOAD GAME. Good luck!

LOADING:

Turn off the computer and all peripherals. Turn on the disk drive and the computer. Insert disk into drive. Type: LOAD "", 8,1 (RETURN) on the keyboard. The program will now load and run automatically.
