

WHEN SUPERPOWERS COLLIDE

Germany 1985

The fate of mankind is in your hands

The terrifying conflict that has haunted the populations of Western Europe from generation to generation the mighty bear of the Eastern Bloc, the avaricious Soviet Union strides its way forward to savage the free world, to brutalize and intimidate it's peoples. It is on the borders of Western Germany that the massed battalions of the allied forces of NATO must make their stand, offer their lives in protection of the free. Have all the preparations been good enough? Are the weapons systems and the combat battalions strong enough? Are the NATO strategies cunning enough to out manoeuvre the Soviet forces only you can decide as you take up the challenge as Supreme Commander in this exciting and realistic simulation of one of the most awesome conflicts that has cast its grey shadow over mankind for decades.

This could be the end of civilisation as we know it!
