GILLIGAN'S GOLD

Its program code, graphic representation and artwork are the copyright of Ocean Software Limited and may not be reproduced, stored, hired or broadcast in any form whatsoever without the written permission of O.S.L. All rights reserved. The program runs on any Commodore 64 and requires joystick control. Help Gilligan collect all the bags of gold and evade the desperate outlaws.

LOADING

Position the cassette in your Commodore tape recorder with the printed side upwards and make sure that it is rewound to the beginning. Ensure that all leads are connected. Press the SHIFT key and the RUN/STOP key simultaneously. The screen message should follow, press PLAY on tape. This program will load automatically. When loading has taken place follow screen instructions.

PLAYING

You must collect all the bags of gold and place them in the wheelbarrow before the time runs out. Each bag gives you more time and raises your score but beware the outlaws are after you – and the gold. Jump on the trucks (by hanging on the hooks) or escape via the ladders and lifts, but watch out for the mine shafts; deep and deadly!

GILLIGAN'S GOLD

STATUS AND SCORING

On screen scoring shows current score, hi-score and number of lives remaining. Start with 4,000 time units – each bag gives you 4,000 more.

CONTROLS

The game is controlled by any Commodore compatible joystick through either port 1 or 2.

STRATEGY TIP

You can stun the outlaws momentarily by dropping the gold bags on them!
Good Luck.

Gilligan's Gold, written by D. Goldsmith is only one of many exciting games from Ocean. Please ask your local dealer for other titles in our range. If you've written a good program, why not contact us, without obligation, to discuss marketing it for you. Write to:
