

If you have trouble going up and down, perhaps you haven't been up and down in the maze

A seedy word should open the trunk according to Ali Baba

Some people would drop everything to fight the goblin; you are a little wiser - anyway, keep trying!

Watch out for loose stones!

There's only one way to get through the grating

Some food might be a big help

*Not all mazes are obviously mazes. Mapping a maze is impossible unless you can tell the different locations apart. Has the penny dropped?*
