GREMLINS

COMMODORE 64

There were three warnings . . .

- "Keep them out of light, especially sunlight."
- "Don't ever get them wet. Keep them away from water."
- "But the most important thing, the thing you must never forget . . . no matter how much they cry, no matter how much they beg never, never feed them after midnight."

Commodore 64, Amstrad and Spectrum versions feature spectacular full colour graphics with animation. Commodore C16, BBC and Electron versions are text only and do not have graphics.
