**HAT
 TRICK™**

HAT TRICK™ — action-packed ice hockey so “hot” it could melt ice. Strong, physically fit athletes on sharp thin steel blades slither across frozen ice with the sleekness and grace of a gazelle.

Realistically portraying one-on-one hockey, **HAT TRICK** is a one and two player game filled with intense excitement. Hockey players, agile and enduring, representing their teams, streak across the arena's icy surface weaving and bobbing, maneuvering to avoid the defenses. There's body-checking and board-banging as players high-stick to drive the puck past the defending goalie and into the net to score!

HAT TRICK by **CAPCOM** — good competitive sports fun and entertainment to be enjoyed by every member of the family.
