HEAVY METAL™

By Brent Erickson – Roger Carver – Bruce Carver.

Go head to head with the enemy in three of the world's most powerful combat vehicles. Your mission – to devise a strategy that will defeat enemy forces and prevent them from over-running your position. Join your men in combat with your ADAT (Air Defence Anti-Tank) system, FAV (Fast Attack Vehicle) and MIAI ABRAMS MBT (Main Battle Tank), as you progress through the ranks to 5 Star General – if you've got what it takes!

Affrontez l'ennemi dans trois des véhicules de combat les plus puissants du monde. Votre mission: élaborer une stratégie qui viendra à bout des forces ennemies et les empêchera de vous envahir. Rejoignez vos hommes au combat dans votre système ADAT (défense aérienne anti-tank), votre FAV (Véhicule d'attaque rapide) et votre MIAI ABRAMS MBT (Tank de bataille principale), tout en montant en grade pour arriver au rang de Général 5 étoiles – si vous en êtes capable!
