

This game requires skillful reactions to get through all 50 stages! It also has an editing capability that will let you create your own games. A little character called Hot Pop is moving, jumping, hopping and popping around the maze, trying to get to his girlfriend's cottage. Before he meets his sweetheart, he wants to pick up all the fruit in the maze, try to give to her. But, watch out! His nasty rivals are out there to stop him. Com'on, go to it, jump to it and pop to it! There are spring boards that can help Hot Pop jump higher. Use them tactically. Help Hot Pop to meet his sweetheart as soon as possible.

HOT POP

• Scoring

- Pick up a piece of fruit 800
- Jump over a rival 100
- Arrive at the cottage bonus points remaining at time of arrival are added to your score.
- Touch a helicopter 500
- Bonus Round When Hot Pop reaches his girl friend you gain one more Hop Pop to play. It is not necessary to pick up all the fruit.

• Techniques to help you play

- Hot Pop can only jump as high as his height.
- When Hot Pop falls from higher ground, he faints. You can revive him by pressing SHIFT key.
- When Hot Pop hits the spring board press the SHIFT key immediately. This will make Hot Pop jump much higher.
- The rivals always follows Hot Pop. By using the displaying capability that connects both sides of the screen you can decoy a rival, who is preventing you from using a rope, by jumping from one side of the screen to the other.
- Hot Pop has the ability to jump over a rival, to score 100 points.

• Use the following keys to edit your own game.

- F3 Select character.
- SHIFT Set a character.
- F5 End the stage being edited.
- N Go to the next stage.
- V Go back to the previous stage.
