

HYPERCIRCUIT

Commodore 64

AGE: 7 PLUS
HOME ENTERTAINMENT

JOYSTICK ONLY

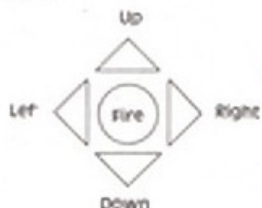

A chance to get to the heart of the computer—enter the world of the microchip and find it to be all that you'd imagined and then a bit more—the weirdest fantasy that the human mind and hi-technology could combine to create.

Engage in an amazing battle encounter with the evil creatures of the circuitworld, as you patrol the full size microprocessor board, protecting your home areas from the micromonsters. An alien round every corner, a horror under every byte.

Travel the wires, finger on the button in a line 'em up, shoot 'em down extravaganza as you not only attempt to outmatch your computer but its weird collection of inhabitants as well.

Full instructions on loading

To move:

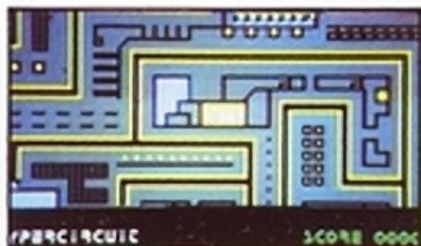

Joystick Port 2

Loading instructions:
Switch machine off then on
