The concept is simple: You must destroy each brick before you can advance to the next level. Simple? It takes strategy and skill to shatter each new screen and move ahead. Collect special bonus tokens to earn sophisticated "brick-bashing" weaponry—and be sure to avoid the dive-bombing aliens.

With more than 80 screens to master and an option to create 48 more yourself, this is the blockbuster that takes up where the arcade classic Breakout left off.

Features:

- Fast arcade action
- Exciting graphics and sounds
- 80 levels to master; 48 more that you can create
- A choice of 9 different weapons
