WAR IN MIDDLE EARTH - C64

SAVING GAMES

YOU MUST USE A BLANK FORMATTED DISK TO SAVE YOUR GAME. You must format the save game disk before loading the War in Middle Earth program.

Saving the Game: Select the File Icon. When the screen comes up with the .save/load menu, remove your program disk and replace it with the formatted disk. Select SAVE GAME and press fire. The highlight cursor will highlight RETURN when the game is saved. Remove the save game disk and replace the program disk. Press fire to return to the game.

Restoring the Game: Select the File Icon. When the screen comes up with the save/load menu, remove your program disk and replace it with your save game disk. Select LOAD GAME and press fire. The highlight cursor will highlight return when the game is restored. Remove the save game disk and replace the program disk. Press fire to return to the game.

Due to the great variance in disk drives some users may occasionally experience some trouble when the program loads the battle scene.

The Symptom:

After pressing fire at the screen that prompts you to prepare for battle, the disk drive continues to read the disk for more than two minutes but never loads the battle scene.

The Cure:

BE CERTAIN THAT THE DRIVE HAS BEEN READING THE DISK FOR AT LEAST TWO MINUTES. Open the disk drive and wait for the drive light to turn off. When the drive light is off close the drive door. Press the RESTORE key on your keyboard then the battle scene will load. It will take several seconds to load the battle scene after pressing RESTORE.

HELP AND TIPS INFORMATION

If you find that you are having any technical difficulties with your game, first check the lower left hand corner of the front of your game box to be sure your computer meets the system requirements stated. Also, please be sure that you are following the directions in the manual correctly.

IBM Users - Clear your RAM of all possible RAM resident programs such as menus, utilities, or memory managers. These programs can be found in your AUTOEXEC.BAT file or your CONFIG.SYS file. If you cannot find anything or don't know what might be memory resident you can boot your computer directly from a DOS (Disk Operating System) disk. To do this you must put your DOS disk in your A:\ drive and turn the computer off and then back on. This will boot your computer to a clean DOS from which you can run your game. Consult your DOS manual for further instructions.

C64, Amiga, Atari, MAC, and Apple Users - If you are having difficulty, be sure you have removed all additional, unnecessary peripherals such as printers, additional floppy drives, modems, etc. In other words, anything that might use up some of your memory. Check the game box to be sure you have all of the necessary system requirements.

If you are going to call please be sitting in front of your computer with paper and pen, and as much pertinent information about your computer as possible: Make, Model, Peripherals, RAM and Disk Size. For IBM, please also have type and brand of Graphics Card, Monitor, and the information in your CONFIG.SYS and AUTOEXEC.BAT files. You can call or write the Customer Service Department at:

Customer Service Hours are 8:00 a.m. to 5:00 p.m. Pacific Time

Please be sure you have tried all above possibilities before calling as you may be able to solve the problem on your own. **Please do not call customer service for HINTS as they do not give hints out over the phone.** For hints on games, you can write in requesting a hint sheet for a game and one will be mailed to you if it is available or you can call our Hint-line BBS at (714) 562-5030 with your modem.

If you have a defective disk we will be happy to replace it within 90 days of the date of purchase. Simply mail in the defective disk with a copy of your receipt in a regular envelope with a letter explaining the problem, a return address and your system parameters. If you no longer have your receipt or 90 days has passed, we do require a check or money order for \$7.00. **We cannot accept cash or credit cards.** Please do not mail your game box in to us. If you require a refund for a game you must return the game to its original place of purchase under whatever refund/exchange policy they have.

The Virgin On-line BBS is brought to you in conjunction with the Easy Does It Bulletin Board System (714) 994-8040.
