

HesWare™

Lazer Zone™

by **Jeff Minter**

A new, fast-paced, arcade-quality game by the creator of Aggressor™ and Grid-runner™. As the controller of the Lazer Zone, you combat wave after wave of alien pods challenging your reflexes and your mind. A true test of your skill and coolness under fire!

Joystick Required.

Diskette for
Commodore 64

Lazer Zone is an intense arcade challenge that will not be easily mastered. You control two lasers in an attempt to combat the encroaching alien forces. You will require sharp concentration in action and strategy, and accuracy in firing and movement.

After learning to fire and move the lasers in the training mode, 20 levels of challenge await.

High scores are possible in this game, but only with diligent practice and mastery of lazer controls. But beware—the mind-challenging strategy and skill needed to win can be addictive!
