SIERRAVISION™

Leepers are cut
Leepers are cut
It's a game full of dodging
To shoot up an eye.

Fly up and fly down
Forward and back,
Rescue your men
before Leepers attack.

Fire if you must
To save men and your ship
But you'll get more points
If you give them the slip.

And your fuel running low
Fly into the cave
To dim the eye's glow.

The mission complete
Both stages at end
A new rescue mission
Starts all over again!
