

CREATIVE SPARKS

FOR COMMODORE⁺ 64

MACBETH

THE COMPUTER ADVENTURE

CREATIVE SPARKS

FOR COMMODORE⁺ 64

Shakespeare's classic tale of murder, treachery and witchcraft has now been transformed into an adventure by which all others will be measured.

More than just a game. A superbly produced package with four separate adventures and more besides.

Each adventure is completely different from the others in both style and content:

Adventure 1

Uses both text and graphics. You must don the mantle of Macbeth, the great warrior, to conquer Scotland's greatest adversaries.

Adventure 2

Again uses text and graphics. In this game you play Lady Macbeth, racing against time to complete her terrible deed.

Adventure 3

Uses graphics almost entirely with only a small text window. As one of the witches' helpers, you collect ingredients for their brew.

Adventure 4

As Macbeth you must be prepared for the final battle. You must use strategy and cunning to survive.

Complementing these four adventures, we also give you four (optional) psychoanalysis programs in which you can delve into the minds of Macbeth and his Lady, trying to discover their innermost thoughts.

The package consists of:

Four independent adventures, each using every byte of the 64, provided on two fast loading cassettes.

Separate character psychoanalysis programs.

16 page comprehensive guidebook.

Full text of the play edited from the original 1623 version.

WARNING: ALL RIGHTS IN THE PROGRAMS AND THE OWNER OF THE WORK HAS PRODUCED RESERVED. UNAUTHORIZED COPYING, REPRODUCING, PUBLIC PERFORMANCE, RENTAL OR TV BROADCASTING OR DIFFUSION OF THIS CASSETTE PROHIBITED.
