An Episode from a hospital near you . .

Scene: A tired trainee nurse carefully places the little bundle of joy into the cot.

NURSE: 'Now you be a good boy and go to sleep.'

BABY: 'Gooooooooooooeaghh'

NURSE: 'You won't jump out of the cot will you?'

BABY: 'Nnnnnneeeeeuuuugh Slurp!'

NURSE: 'And you won't drink from the medicine bottles will you?'

BABY: 'Bleeeeeaaaagh!'

NURSE: And you won't go near the lift now will you hmmm?'

BABY: 'Burp!'

NURSE: 'Pardon! Don't touch anything else you shouldn't . . . I don't

want to have to use the stun gas again. Night Night . . .'

BABY: WWWAAAAAAAAGH!!!!!!

The nurse walks briefly from the ward. Confusion reigns!

PLAYING THE GAME

Prepare yourself for a shock! You never knew hospital work was QUITE like this I bet! The object of the game is to score as many points as possible by picking up the naughty babies, and putting them back to bed, whilst collecting stray medicine bottles. Putting babies into a cot will give you a bonus, the size of which is dependant on how many are already in there.

The more babies there are in the cot, the less the bonus (and the more likely they are to hop out again!). Picking up a bottle scores 100 points.

Control is by joystick as follows:

UP - Picks up a baby.

DOWN - Puts down a baby, either on the floor, or in a cot.

FIRE BUTTON - Releases STUN GAS. For a few seconds, the babies will stop moving allowing you to capture those extra specially naughty ones! You will start the game with 3 trainee nurses. Each nurse is allowed 3 'mishaps' before she is fired. The game ends when all the nurses have been fired. You must ensure that the babies stay clear of the electric power points, medicine bottles, and the lift shaft . . . these are very hazardous.
