THE GAME

Myrtle the Mermaid had never been able to get on with the boys too well, and at the age of 110 she was beginning to think that she would be left on the shelf until one fateful day she met the man of her dreams. Unfortunately, Careless Colin didn't think that she was the girl of his dreams and promptly dived into a wetsuit and jumped off the end of Wumptyland Pier. Colin certainly lived up to his nickname because he had forgotten to take a spare Oxygen cylinder in his haste to escape from her clutches and soon found himself trapped in the wreck of a sunken liner. But Myrtle wasn't going to give in that easily and set about saving her reluctant Toy-Boy. Help her get her man by propelling her through the sea, dodging harmful sea creatures and keeping her strength up by drinking bottles of stout at every opportunity. Help her to collect the items she needs to save her dreamboat.

Swim Myrtle down to rescue Colin and avoid the sea creatures that attack if you touch them. You will need to drink bottles of stout to keep up your energy. The SCORE and HIGH SCORE show how you are progressing and beneath this reading there is the object you may be carrying listed. COLIN'S AIR BOTTLES show how much time you have. He must be rescued before the needle reaches the red zone. MYRTLE'S HEART beats faster the closer she comes to Colin and the BOTTLE OF STOUT shows how much energy she has left.
