Hole-In-One Miniature Golf combines excellent sound, quality graphics and superior playability with realistic ball play to give you the best miniature golf game made!

By introducing a special “click and point” ball handling technique, DigiTek Software has created a game that will challenge adults, yet is so simple that children can play as easily as adults from the very first game. Hole-In-One supports up to 4 players making it one of the few games that the entire family really can enjoy together.

Hole-In-One Miniature Golf is pure fun in separate courses that give you classic miniature golf as well as hilarious fantasy holes. The sounds of the crowd, the ball action, and special effects all add to the fun and realism.

“An absolute gem of a game...the physics of the game are exceptional and the player interface is a joy to use...Hole-In-One will delight all ages.”

—INFO MAGAZINE

“Hole-In-One Miniature Golf...is absolutely fantastic!”
