THE MOVIE MONSTER GAME

NEWS BULLETIN...

GODZILLA,® King of the Monsters, attacked the city of Tokyo today. Thousands of terrified inhabitants fled as he leveled entire city blocks...

Call out the National Guard! The great monster movies are back, and you are the star of the show. Become your favorite fearsome beast in THE MOVIE MONSTER GAME. Breathe fire, trample cities into rubble, release your frustrations in a way only a skyscraping monster can. You pick the movie monster, the famous international city, and even the plot of the game. Try a bold escape, stage a daring rescue, trample a famous landmark, or just drop in for lunch.

The moment you attack, those obnoxious little humans swarm into action. They'll try everything to stop you—tanks,

jets, missiles and more. Of course, it's nothing any self-respecting monster can't handle. So, crush them with your mighty fist. Torch them with your atomic breath. Or vaporize them with your laser. Be a *real* monster. Stand 12 stories tall. Take on the world—at least the palatable parts—in THE MOVIE MONSTER GAME.
