- : Hold down SHIFT key
- : Hit the RUN/STOP key
- : Press Play on Tape

Joystick : Plug into Port 2.

Skill : There are three skill levels-
selected by pressing F1 when
the title page is displayed.

Speed : There are four speeds-
selected by pressing F3 when
the title page is displayed

Demo : while you are playing a
Demo routine takes you through
some of the levels of the game.

Start : To start press the fire button on
the joystick.

Bonus : Bonus scores depend upon the skill
level/speed selected and auto-
matically decrease with time.
Bonuses are awarded for collecting
items and upon the successful
completion of each screen.

Lives : You have three lives and these can
be lost in a variety of ways.
However to fall off the stairways
or landings is FATAL-and you are
returned to the beginning.

The following excerpt from the well
known epic poem "The Lament of
Hugo Twol " holds clues to help you
reach your goal.

The Lament of Hugo Twol

Recant, Recant
Sinners all,
Here is hate,
A Great downfall.

Collect, Collect
Circle overhead.
Upwards, Upwards
Quickly fled.

Beware, Beware
It without hair.
Across, Along
And up the stair.

Bell and Candle
Make complete
Lure and you're
Left in defeat.

Stings and things,
O Bless me,
Upon the wall
To sesame.

To See, To See,
Perhaps to fall.
Light the way
And _ _ _ _ .

Mephisto comes
From depths of hell.
His final test,
To sound a knell.

Down and damned,
Three times tried
Three times failed
And Hugo died.

For those who don't appreciate
good poetry when they see it-
a book of clues is available
- if you send a stamped
addressed envelope to:
