Turbotape™ for Commodore 64 – Loads 7 Times Faster than Standard Cassette

Mr. TNT is a home version of the "Dynamite" Japanese arcade game. Maneuver a keg of TNT along a network of burning fuses, but you have to move quickly to avoid the pursuing flames determined to detonate you.

Pick up a dynamite cache and earn extra points. See how far you can go on the fuse grid before you are destroyed. Try to cut yourself off from the flames and watch them fizzle.

Twenty increasingly dangerous levels await you.
