MUTANTS

In the war-torn world of the far future, the nefarious Zero Survivor Corp. supplies both sides with everyday, ordinary weapons. Until now. The rebellious peace faction has learned of a horrible new weapon with the potential to utterly destroy mankind. The Macro-Genetic-Mutoids are bio-engineered organisms with the capability of mutating into ever-more deadly strains. Your job is to eliminate the threat of the MGM's forever. Alone in your small scout ship, you will face 15 different varieties of MGM's in a contest to the finish. The prize for success is nothing less than the survival of humanity.

Features:

- Arcade graphics and sound
- Multiple levels of play
- 15 unique opponents
- Four weapon types
- Non-stop action and non-stop challenge
