ODESSA is the best realization to date of the Soviet concept. Her powerful
ment and extensive command facilities enable her to challenge NATO surface forces either
or at the center of a Surface Action Group. Her large battery of anti-ship missiles has
a ship more than twice the displacement of any comparable cruiser currently in service.

You're loaded for bear and taking no prisoners, with Sea Sparrow and Harpoon missiles, 76mm cannon, depth charges, infrared chaff, and ECM radar jammer.

Full aerial map shows the theater of operations, while dual radar screens monitor close-in combat maneuvers and long-range strategic movements.

Fight to the finish. Succeed, and you can move up the ranks. Screw up, and you may sit out the war as a POW, 16 levels of difficulty.

In the Briefing Room, you learn that somebody's messing with Uncle Sam again. Get your orders, outfit your ship, assign your crew, and head for the action.
