OLYMPIC SKIER

CONTROLS: Keyboard or joystick

KEYBOARD

Space bar = Accelerate or jump

↓ = Down 1 = Up CTRL = Left

2 = Right

JOYSTICK:

Left = Rotate left Right = Rotate right

Up = Decelerate Down = Accelerate

Firebutton = Jump or accelerate

SLALOM

Manoeuvre through the gates as quickly as possible, if you go through a gate you will hear a 'ping'. If you miss one or two gates your time will be penalised. If you miss three you will be disqualified. Maximum score three hundred points.

DOWNHILL

Avoid hazards using the same controls as on the slalom. Also jump the obstacles by pressing the fire button or space bar. You cannot change direction whilst in the air. Beware of dead ends and learn the course. You cannot jump over trees. Maximum score is 500.

SKI-JUMP

Accelerate by pressing the fire button or space-bar rapidly whilst your skier is on the 45° ramp. At the end of the ramp push the joystick up to jump and pull down to land. Note that you will travel further, the longer you keep the joystick up after you have jumped. If you do not land parallel to the slope, your score will be penalised. Maximum score is 200.
