

THE MISSION

At last . . . "it has happened" . . . as a result of a sneak attack, Aliens have taken the Straits of Hormuz and have captured the essential Military bases and naval shipping with the full intention of crippling the world's oil supplies. In the face of this Alien aggression the ability of the United States naval air force is in question. You must now take part in "Operation Hormuz" to show the strength and determination of the US carrier forces to respond to land launched rocket attacks that are now wiping out international shipping.
