PANZER BATTLES

MINSK MOSCOW KHARKOV PROKHOROVKA KANEV KORSUN

Re-live six great battles from the Russian Front, ranging in size from three divisions a side at Prokhorovka to 20 or more at Kharkov. This detailed, yet simple to use, simulation will deliver hours of engrossing entertainment. The design and graphic kits which accompany the scenarios will keep the game fresh for years to come!

Three German Panzer Divisions strike for the Lysyanka bridge to relieve the Korsun Pocket
(Macintosh Version)

Use WarPaint™ to build up your own graphic images. Combine this feature with WarPlan™ to create your own scenarios
(Macintosh Version)

Elements of the the Soviet 3rd Guards Tank Army attempt to capture Kanev
(IBM Version)
