LUCASFILM™ PRESENTS

Pipe Dream™

Pit your pipe-fitting prowess against a surging stream of soggy sewage. But slow down for a second, and it's sludge city! ● You'll play instinctively, while you think strategically. You'll get good quickly, but you'll always have room to get better. ● Pipe Dream is a perfect desktop stress-buster. And a terrific tournament game. And a serious spatial strategy puzzle.

- Basic, expert, and two-player modes.
- Entertaining bonus rounds every four levels.
- Slow-motion practice mode for first-time players.
- Easily installed on hard disk drives.
- 36 increasingly cunning levels.

One false move and you're slugged!

Two plumbers can play at this game.

The better you get, the trickier it gets.
