PLAYING THE GAME

JOYSTICK CONTROLS

Left=Move left or steer balloon left
Right=Move right or steer balloon right
Up=Climb up ladder or speed up balloon
Down=Climb down ladder or slow down balloon
Fire=Jump

There is no time limit. Whenever Harry succumbs to any danger, he does not die but is transported to the last red cross he touched. To grab a balloon, just jump up to it. It is steered by the joystick controls listed above. To let go of a balloon, just let a bat burst it. A perfect score is 199,000 which means that you must collect all 28 Gold Bars, Rhonda, the Raj Diamond, Quickclaw the Cat, the Stone-Age Rat, (which can only be subdued from behind), and never fall victim to a single danger.
